

Information relevant for IT Departments

The following domains and ports should be allowlisted to ensure that Sanako Connect works properly.

Domains

*.sanako.com

*.temasys.io

Ports

The following ports have to be enabled:

TCP 80/443 (HTTP/HTTPS/WS/WSS/TURN/TURNS/STUN)

Highly recommended to enable these additional ports:

TCP 3478 / 5349 (TURN/TURNS/STUN)

UDP 3478 / 5349 (TURN/TURNS/STUN)

UDP 49152-65535 (UDP media ports)

TCP 3000 (HTTP) / 3443 (HTTPS)
